THE
**MOUNT ELGON
NURSERIES**

List of
Ornamental Shrubs and Trees
AND
Climbing Plants

**KAMA KOIA FARMS
KITALE
KENYA COLONY**

ORNAMENTAL SHRUBS AND TREES, and CLIMBING PLANTS.

Season 1934.

Ornamental Shrubs and Trees	see pages 2 to 13
Climbing Plants , ,	15 , 19
Collections of Ornamental Shrubs and Climbing Plants	see page 14
Terms of Business , ,	20

NEW INTRODUCTIONS.

Many new introductions to our Nurseries are not listed, as at present stocks of these are small. We invite enquiries for new Plants, and will make every effort to supply the varieties required or to reserve them in advance.

HERBACEOUS, BULBOUS AND OTHER PLANTS.

A seasonal list of Plants and Bulbs available is issued separately and will be sent on application.

**The
MOUNT ELGON NURSERIES,
KAMA KOIA FARMS,
KITALE, KENYA COLONY.
(P.O. Box 49.)**

ORNAMENTAL SHRUBS AND TREES

The Shrubs and Trees offered in this catalogue can, as far as the nature of the subjects and other circumstances allow, be supplied in pots, if Customers so desire. In cases where transit involves a long railway journey, however, it may be advisable to remove the pots immediately before packing, in order to save weight, and this will be done at our discretion, unless specific instructions are given at the time of ordering. The system of supplying shrubs and trees in pots has the great advantage that the plants receive no check, the pots being merely broken away when planting in permanent positions.

ABELIA

Rupestris. A Chinese shrub with shining dark green foliage ; small tubular flowers, shaded a delicate pink ...

Each
Shs. Cts.

2 50

NOTES.

For named varieties, see pages 8 and 9.

CLIMBING PLANTS.

Every care will be taken to ensure, as far as is possible, that the subjects supplied will be suited to the Customer's requirements, provided that particulars as to soil and other conditions are sent with the order.

Collection of 12 Climbing Plants, our selection ... Shs. 18

Collection of 6 Climbing Plants, our selection Shs. 10

For named list of Climbing Plants, see pages 15 to 19.

 **FOR INFORMATION CONCERNING DELIVERY BY AIR TO GREAT BRITAIN, see page 20.**

CLIMBING PLANTS

AMPELOPSIS

Quinquifolia. (Virginia Creeper.) Described as 'the most vigorous climber in Europe.' Happy in any sunny position, with shade at the roots. Attractive autumn-tinted foliage **1 50**

Each
Shs. Cts.

NOTES.

ANTIGONON.

A quick-growing creeper of graceful habit, bearing in racemes pale coral-pink flowers. Suited only to a warm sunny situation **2 00**

ARISTOLOCHIA. (Birthwort or Dutchman's Pipe.)

Elegans. A native of Brazil. Flowers yellowish-green, streaked red-purple **1 00**

Gigas. Very large white and brown flowers; native of Guatemala **2 00**

Ridicula. A large-flowered variety; tawny, with purple-brown veins **1 50**

BIGNONIA. (The Trumpet Flower.)

See also *PANDOREA* (page 17) and *TECOMA* (pages 13 and 18.)

A family of plants which furnishes some of the most gorgeous climbers in the world. The best-known local variety is *B. venusta* (Golden Shower).

Jasminoides. See *Pandorea jasminoides*.

Magnifica. A native of South Columbia. Strong-growing variety, flowers varying from mauve to crimson-purple **2 50**

Muricatum. Very rapid grower. Flowers soft canary-yellow, and rather smaller than those of some other varieties **3 00**

Purpurea. This South American variety bears a mass of purple flowers **2 50**

Thunbergia. Exceptionally free-flowering in a warm sunny situation. Similar to 'Golden Shower' in its lavish display, but the flowers are an orange-red and are very striking in appearance. *B. thunbergia* should thrive wherever 'Golden Shower' does well **3 00**

Speciosa rubra. Similar in habit to *B. thunbergia*, but carries red flowers **3 00**

Tweediana. A yellow tuberous-rooted variety, native to Buenos Aires; very vigorous grower **1 50**

Venusta. (Golden Shower) **2 50**

Violaceæ. A very attractive variety, with glossy dark green leaves and pale mauve or violet-coloured flowers **2 50**

BOUGAINVILLEA.

Mrs. Butt. Purple-crimson **8 00**

Spectabilis lateritia. Brick-red **5 00**

Splendens. Light magenta **2 50**

CLIMBING PLANTS—*continued.*

CLERODENDRON

	Each Shs. Cts.
Balfourii. A slender twining plant of light-growing habit, bearing red and cream flowers	1 50
Splendens. One of the finest of the climbing Clerodendrons. Happy in a warm sunny situation, with shade at the roots. A full-grown specimen makes a vivid sheet of crimson	3 00

See also page 4.

COBÆA

Scandens. A very rapid-growing climber, bearing bell-shaped purple flowers. Will attain a length of 20 feet in a season	1 50
---	------

ECCREMOCARPUS

Scaber. A native of Chili. Fast-climbing evergreen plant, growing some 10 feet in the season and carrying scarlet-orange tubular flowers	4 00
--	------

GOLDEN SHOWER. See *Bignonia venusta*.

GOLDEN VINE. See *Stigmaphyllon*.

HARDENBERGIA

Free-growing graceful evergreen climber from Australia, suited to almost any conditions. Bears long racemes of violet-blue flowers almost throughout the season ...	4 00
---	------

HEDERA

Helix. (English Ivy)	1 00
------------------------------------	------

HONEYSUCKLE. See *Lonicera*.

JASMINUM. (Jasmine.)

Primulinum. A vigorous grower, bearing primrose-yellow flowers	1 50
Sambac. The Arabian Jasmine; fragrant white flowers. A native of tropical Asia	1 50

LONICERA. (Honeysuckle.)

Caprifolium. A native of Britain; sweet-scented yellow Honeysuckle	1 00
Sempervirens. The Trumpet Honeysuckle; evergreen. Native of America	1 00
Gigantea superba. A large-leaved variety, producing deep yellow flowers	2 50

MANDEVILLA

Suaveolens. A quick-growing graceful climber; the pure white sweet-scented flowers are freely borne ...	1 00
--	------

MAURANDYA

Purpurea. A native of Mexico. Evergreen and quick-growing; freely covered with pale blue flowers ...	1 00
Barclayana rosea. A pink-flowering variety ...	1 00

NOTES.

CLIMBING PLANTS—*continued.*

PANDOREA

Each
Shs. Cts.

NOTES.

- Brycei.** (*Tecoma reginæ-scabæ.*) Zimbabwe Creeper. A rampant grower bearing many-flowered panicles of Gloxinia-like blooms, pale pink in colour with white throat **2 50**
- Jasminoides.** (Known also under Bignonia and Tecoma.) Bower Plant. Attractive dark green leaves and panicles of white flowers with pink throat **2 50**
- See also BIGNONIA (page 15) and TECOMA (pages 13 and 18).*

Copyright Sutton & Sons Ltd.

THE MOUNT ELGON NURSERIES, KITALE.

Terms and Business Arrangements.

PACKING.—Shrubs, Trees and Plants consigned to Customers locally in Eastern Africa will normally be despatched in bundles by goods train; they will be securely packed for safe transit to destination.

If desired, we can also despatch Shrubs, Trees and Plants in pots, in which case a charge will be made for packing.

We will gladly advise Customers as to the best method of packing in any particular case, but when left to our discretion we will pack goods with the greatest regard to economy in freightage.

CARRIAGE.—On orders of Shs. 40 value and over no charge will be made for carriage within the limits of the Kenya and Uganda Railways, except for Shrubs, Trees and Plants established and railed in pots.

AIR DELIVERY.—For the despatch of goods to Customers in Great Britain we strongly recommend the use of Air Delivery. By this method of transport there is the minimum of delay, and usually plants will be received within ten days from despatch. At the date of issuing this Catalogue the Air Parcel Rate from Kenya to Croydon is Shs. 3 per $\frac{1}{2}$ -lb. For transit by air, strong small plants are selected, and the lightest possible form of packing is used.

GOODS SENT OVERSEAS.—As a general rule, Shrubs, Trees and Plants consigned to any destination in Europe will be despatched in cool storage.

TERMS OF PAYMENT.—The prices quoted in this Catalogue are for cash with order, or for monthly accounts which may be opened by arrangement. In most cases a monthly account will be preferable, as rail and other freight charges, and air mail postages, are difficult to estimate in advance. Any surplus will be placed to the credit of the Customer's account, or returned, as may be desired.

DISCOUNT.—A discount of 10 per cent. will be allowed on all cash orders of Shs. 20 value and over placed and collected at the Nurseries.

REDUCED PRICES FOR LARGE QUANTITIES.—We shall be happy to quote reduced prices for Shrubs, Trees and Plants required in large quantities, or for bulk orders placed in advance.

**THE MOUNT ELGON NURSERIES,
KAMA KOIA FARMS, KITALE, KENYA COLONY.**

(P.O. Box 49.)

Terms and Business Arrangements.

PACKING.—Shrubs, Trees and Plants consigned to Customers locally in Eastern Africa will normally be despatched in bundles by goods train ; they will be securely packed for safe transit to destination.

If desired, we can also despatch Shrubs, Trees and Plants in pots, in which case a charge will be made for packing.

We will gladly advise Customers as to the best method of packing in any particular case, but when left to our discretion we will pack goods with the greatest regard to economy in freightage.

CARRIAGE.—On orders of Shs. 40 value and over no charge will be made for carriage within the limits of the Kenya and Uganda Railways, except for Shrubs, Trees and Plants established and railed in pots.

AIR DELIVERY.—For the despatch of goods to Customers in Great Britain we strongly recommend the use of Air Delivery.
